CALL FOR APPLICATIONS

Academics with a Doctor's degree

The Department of Mathematics of the Universidad Católica del Norte, Antofagasta Campus, seeks to fill two full-time academic positions. The Department of Mathematics is responsible for teaching the discipline in all undergraduate courses. It offers the Magíster en Ciencias Mención Matemáticas and Doctorado en Ciencias Mención Matemática programs, both accredited by the CNA. The selected applicant is expected to contribute to the strengthening and developing of postgraduate programs, teaching, research, and community outreach through undergraduate and postgraduate teaching, thesis supervision, publications in indexed journals, participation in conferences and direction of research projects with external funding.

Requirements
- Doctor degree in Mathematics.
- Experience in undergraduate and graduate teaching.
- In the last five years, to have at least three publications, Q1 or Q2 quartile, in WOS journals.
- Have directed, be directing or have been awarded, as a responsible researcher, a Fondecyt Project oranother equivalent[1] (national or foreign) during the last two years.

Documents required to apply
- Updated CV and two confidential letters of recommendation.
- Copies of the most relevant publications in the last five years.
- Copy of the certificate of the academic degree of doctor
- Proof of awarding the Fondecyt Project or another equivalent, in the last two years.
- Academic development plan.

Benefits
- Remuneration according to the income scale of the Universidad Católica del Norte.
- Teaching load compatible with research activities.
- Financial incentive for indexed scientific publications.
- Support for research stays in national and/or foreign centers.

Availability to assume the position from March 18th, 2024.

Geographic location
The Department of Mathematics is located on the Main Campus of the Universidad Católica del Norte, inAntofagasta in the north of Chile, Second Region.

---

[1] The project must consider the following conditions: 1) Evaluation by external peers. 2) Minimum duration of two years. 3) As a closing requirement, demonstrate indexed publications associated with the project.
